

Part Number: **TC1279-228A**
Description: **INTRA SUITE ENTRY ASSEMBLY
LOW HEIGHT APPLICATIONS,
100 x 50mm DUCT**

Use / Application:

The entry suite is basically a 100 x 50mm vertical drop off point in a 100 x 50mm horizontal duct system; which is usually installed where there is limited clearance above, or below, equipment racks. The intra suite assembly is fitted where a large number of optical fibre cords are to be dropped off below. eg. in optical fibre distribution frames. It provides free flow for the ongoing fibre cords and strain relief for those exiting down the 100 x 50mm vertical section. The two 100 x 50mm horizontal outlets and the 100 x 50mm vertical outlet use low profile joiners (Part No: TC1279-226); available separately.

Benefits & Features:

- Includes cover (Part No: TC1279-229)
- Clips straight into low profile, joiner (Part No: TC1279-226)
- Tough fire retardant material
- Joiner (Part No: TC1279-226); available separately
- Purchase by the unit

Technical Attributes:

Dimensions	200mm (W) x 106mm (H) x 112mm (D)
Weight	350g
Materials	Fire retardant plastic, Halogen free, UL94-V0 rated
