

Part Number: **TC1279-130KIT**
Description: **MOUNTING PLATE KIT, 30mm AND 50mm DUCT**

Use / Application:

This kit is a simple and adjustable means of attaching/mounting either 50 or 30mm duct, in either a vertical or horizontal plane. It is generally used to mount 50-mm duct at the front of a rack. The kit consists of: a pair of adjustable, 90 degree mounting brackets; a small mounting plate, with a stud, nut & washer; and adhesive backed hook & loop mounting / fastening pad.

Benefits & Features:

- Two - 90 degree, mild steel, mounting brackets, c/w screws and nuts
- Steel duct mount with 6mm dia x 12 mm long stud
- Hex nut & washer
- Hook & loop mounting/fastening pad set, adhesive backed, 25mm wide

Technical Attributes:

Dimensions	75mm (W) x 30mm (H) x 75mm (D)
Weight	200g approx.
Materials	Mild steel, Nickel Plated finish
