

Part Number: **TC1279-471**
Description: **CONVOLUTED TUBE, FLEXIBLE,
Ø63mm ID/ Ø65mm OD x 2m LONG**

Use / Application:

This convoluted tube is used as an extension flexible tube, to extend the reach of Ø75mm ID / Ø88mm OD convoluted tube, to equipment located in a lower rack. It fits neatly into the larger size convoluted tube (Part No: TC1279-458). The connection is made by lightly securing a quick release stainless steel hose clamp, over the 50 - 75mm joining length.

Benefits & Features:

- Small Ø convoluted tube, extends reach of larger Ø convoluted tube
- Tough, flame retardant material
- Connection secured using a quick release, SS hose clamp
- Recommended fibre count: either: 250 x Ø2mm cords; 150 x Ø2.4 mm cords; or 110 x Ø3mm cords, maximum
- RoHS approval pending
- Purchase as an item

Technical Attributes:

Dimensions	Ø63mm ID / Ø75mm OD x 2m
Weight	TBA
Materials	Fire retardant plastic, Halogen free, UL94-V0 rated
Colour	Yellow
