

Part Number: **TC1279-111R**  
Description: **ELBOW ASSEMBLY, DOWN, 90°,  
EXTERNAL SLOT, RETROFIT, 100mm DUCT**

## Use / Application:

The 90°, retrofit, down elbow is a 100mm vertical drop off with an external slot, so that new optical fibre cords can be installed within the elbow and existing optical fibre cords removed. This is usually used where optical fibre cords are to be dropped off below. There are two 100mm outlets, which use either: standard joiners (Part No: TC1279-27) or slotless joiners (TC 1279-248A) which are available separately.

## Benefits & Features:

- Enables fibre access and retrofit options
- Clips straight into joiner
- Tough, fire retardant material
- Joiners, either: standard joiners (Part No. TC1279-27) or slotless joiners (Part No: TC1279-248A); available separately
- Purchase by the unit

## Technical Attributes:

<b>Dimensions</b>	175mm (W) x 175mm (H) x 106mm (D)
<b>Weight</b>	300g
<b>Materials</b>	Fire retardant plastic, Halogen free, UL94-VO rated
