

Part Number: **TC1279-143-45A**  
Description: **ELBOW ASSEMBLY, INTERNAL LID, UP,  
45 DEGREES, 50mm DUCT**

## Use / Application:

This 45-degree up elbow is a 50-mm angled lead off with an internal lid. This allows new optical fibre cords to be installed within the elbow and existing fibre cords removed, where necessary. It is usually used where an angular 50 mm duct feed off, or an alignment adjustment is needed. There are two 50-mm outlets, which use standard joiners (Part No: TC1279-73).

## Benefits & Features:

- Provides fibre access and retrofit options
- Clips straight into a 50 mm joiner (Part No: TC1279-73); which are supplied separately
- Tough, fire retardant material
- Purchase by the unit

## Technical Attributes:

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| <b>Dimensions</b> | 65 mm (W) x 65 mm (H) x 53 mm (D)                   |
| <b>Weight</b>     | 20 grams                                            |
| <b>Materials</b>  | Fire retardant plastic, Halogen free, UL94-VO rated |
