

Part Number: **TC1279-285A**
Description: **ELBOW ASSEMBLY, EXTERNAL
LID, 45° DOWN, 300mm DUCT**

Also available without the lid. as (Part No: TC1279-285)

Use / Application:

This 300mm down elbow is a 45° angled lead off with an external lid, so that new fibres can be installed within the elbow and existing fibres removed, where necessary. It is usually used where an angular duct feed off or an alignment adjustment is needed. There are two 300mm outlets, which use slotless joiners (Part No. TC1279-287A); which are available separately.

Technical Attributes:

- Provides fibre access and retrofit options
- Clips straight into joiner; (Part No: TC1279-287A); available separately
- Includes cover, Part No: TC1279-286
- Tough, fire retardant material
- Ribs included for extra strength
- Also, available without cover, as Part No: TC1279-285
- Purchase by the unit

Technical Attributes:

Dimensions	312mm (W) x 112mm (H) x 162mm (D)
Weight	360g
Materials	Fire retardant plastic, Halogen free, UL94-V0 rated
