

Part Number: **TC1279-127F**
Description: **END SUPPORT BRACKET, FOR
50mm x 50mm DUCT**

Use / Application:

The duct end bracket is used to fasten the open end of a standard 50mm straight duct to the top of a rack. Supplied loose are 3x short lengths of double sided, adhesive backed fastening tape that are used to secure and hold the end bracket onto the rack. The end bracket simply snaps into the end duct slots. It can be removed with a screwdriver if necessary. For a stronger holding connection to the rack, 4x 3mmØ holes are provided for securing screws.

Benefits & Features:

- Provides a simple and strong end connection/support for 50mm duct to the top of a rack
- Easy to fit, clips straight into 50mm duct end
- Supplied are 3x short lengths of double sided, adhesive backed tape, used to fasten the end bracket onto the rack
- Long life connection achieved
- Can also be screw fastened to the rack top if necessary. [Screws available separately]
- Tough, fire retardant material
- Purchase by the unit

Technical Attributes:

Dimensions	80mm (W) x 60mm (H) x 15mm (D)
Weight	8g
Materials	Fire retardant plastic, Halogen free, UL94-VO rated
