

Part Number: **TC1279-192KIT**
Description: **DUCT FIBRE STORAGE KIT,
OFFSET, 100mm DUCT**

Use / Application:

This kit allows excess patch cord lengths to be stored in the optical fibre duct system in an organised manner. It is usually fitted offset to a 100mm-duct system, so that excess patch cord length can be stored away from the main duct run. It can also be used at the end of a duct system. The unit comes with lids to provide complete protection, for the stored optical fibre cords, and can be assembled in either left or right hand orientation.

Benefits & Features:

- Provides safe storage for excess patch cord lengths
- Clips straight into the end of a 100mm-duct system using either a normal or slotless joiner
- Tough fire retardant material
- Joiners either: standard joiner (Part No: TC1279-27) or slotless joiner (Part No: TC1279-248A); available separately
- Purchase as a unit

Technical Attributes:

Dimensions	420mm (W) x 105mm (H) x 370mm (D)
Weight	1.5kg.
Materials	Fire retardant plastic, Halogen free, UL94-VO rated
