

Part Number: **TC1279-209KIT**  
Description: **DUCT FIBRE STORAGE KIT,  
IN-LINE, 50 mm DUCT**

## Use / Application:

This kit allows excess patch cord lengths to be stored in the optical fibre duct system in an organised manner. It is fitted, in line, to a 50mm-duct system so that excess patch cord length can be taken up by winding it about the loop structure provided. The unit comes with lids to provide complete protection, for the stored optical fibre cords, and can be assembled in either left or right hand versions.

## Benefits & Features:

- Provides safe storage for excess patch cord lengths
- Clips, in line, to a 50mm-duct system by the normal joiner (Part No: TC1279-73)
- Tough, fire retardant material
- Joiners (Part No: TC1279-73); available separately
- Purchase as a unit

## Technical Attributes:

|                   |                                                     |
|-------------------|-----------------------------------------------------|
| <b>Dimensions</b> | 270 mm (W) x 54 mm (H) x 195mm (D)(assembled)       |
| <b>Weight</b>     | 220 grams                                           |
| <b>Materials</b>  | Fire retardant plastic, Halogen free, UL94-VO rated |
