

Part Number: **TC1279-320KIT**
Description: **JOINER FOR 300mm x 100mm DUCT**

Use / Application:

The joiner is used to connect standard 300mm straight ducting with itself or any of the other 300mm components; with which it provides a smooth & strong joint. Typical other fittings are horizontal or vertical elbows, cross connectors, tees, etc., which require a standard joiner at each interface. The joiner is supplied with 2 x M10 cage nuts that allow for a quick connection to a duct mounting bracket.

Note: A 300mm slotless joiner is also available (Part No: TC1279-287A)

Benefits & Features:

- Tough, fire retardant material
- Supplied as a single moulded item, as a complete joiner
- Comes with 2 x M10 cage nuts for connection to a duct mounting bracket
- Clips straight into standard 300mm parts
- Purchase by the unit

Technical Attributes:

Dimensions	50mm (W) x 113mm (H) x 330mm (D)
Weight	142g (with cage nuts)
Materials	Fire retardant plastic, Halogen free, UL94-V0 rated
